ABSTRACT

School districts in South Carolina are ranked according to their 1990-91 average daily membership (ADM) from the 15-day attendance and membership report. Ninety-one geographic school districts are represented in addition to Palmetto Unified District, South Carolina Youth Services District, Felton Laboratory School of South Carolina State College, and the South Carolina School for the Deaf and Blind. The individual elementary schools, middle schools, secondary schools, special schools, and kindergartens are listed from largest to smallest according to the ADM figures. Ranks are intended only to compare the size of school districts and schools. Totals for the individual sections may not equal the state total due to rounding. There are 23 pages of tables of rankings. (SLD)
